Judge De Bolt this morning came out strongly from the bench against the evil of opium smoking, which he placed in the class with the liquor habit, his favorite bete noir. As there is a large bunch of cases of Chinese, charged with selling opium without a license, to come up before him this term, his views on the subject are of especial importance.

The Judge made his statement in connection with the case of Chun

Hoon, who was yesterday convicted of selling opium without a license, and came up before the court for sentence this morning.

W. T. Rawlins, who represented the defendant, spoke to secure the minimum penalty. The opium sale law was an old one, he said, and prosecution under it had long been dormant. As a matter of fact, this was the first conviction under this law since annexation. Before annexation having opium in possession was an offense. It ceased to be so at the change of government and now the Chinese thought that the sale of opium was permitted as well as the smoking and possession of it.

Rawlins expressed the hope that the prosecution would move for a suspension of sentence, but Assistant County Attorney Cathcart declined to do so.

The delegates to the Territorial Convention from the Fifth District held a quiet caucus at the Kapiolani building last night to arrange plans for the convention at Walluku. Sixteen out of twenty-nine delegates from the district attended the caucus. They were M. Aona, L. M. Kesunui, A. S. Mahaulu, W. H. Kahumoku, E. J. Crawford, Moses Kawaiapo, Joan C. Lane, W. C. Cummings, S. L. Kekumano, W. Ahia, S. Makaone, C. H. Baker, W. H. Crawford, J. W. Kahaumiti, R. P. Reuter, and L. W. P. Kanealii. A. S. Mahaulu held the proxy of E. Hoar from Waialua.

The first thing that was done was the presentation of a resolution, endorsing Delegate Kahanamano, by W. H. Crawford, in the following form:

Whereas, Our Delegate to Congress, the Honorable Jonah Kaho Kahanamano, has, since his election as such Delegate, succeeded in getting liberal appropriations for this Territory from the Congress of the United States of America, and in order that he may succeed in getting more such liberal appropriations at the coming Congress,

Therefore, be it Resolved, That we, the Territorial Delegates-elect, from the Fifth Representative District, Island and County of Oahu, Territory of Hawaii, do hereby endorse his candidacy as such Delegate, to the Sixtieth Congress of the United States of America, and further pledge ourselves as such delegates-elect from the said Fifth District, to elect him, at the coming general election to be held on November 6, 1906; throughout the said Fifth District.

MANY VARIETIES OF CANINES TO

The first bench show of the Hawaiian Kennel Club was opened this morning at 10 o'clock and from the attendance and the number of dogs which were on exhibition will, as Vice President Will E. Fisher said, be a "howling success." Ladies were there in numbers and from a society standpoint the show should make its mark in local circles. A surprisingly large number of the dogs, and among them some of the best in the show, are en-

tered by ladies, and they are all on hand and anxious as anyone can be, over the chances of their pets to win when the animals are led into the judging ring. The show is open from 10 a. m. to 10 p. m., in order that everyone may have a chance to go at a convenient hour.

The show committee is to be congratulated on the way in which the arrangements have been completed. The stalls for the dogs are much larger and more comfortable than is generally the case in bench shows. The light is good and the skating rink makes an ideal hall for the purpose, there being plenty of air and room for the dogs as well as the spectators. A veterinary surgeon is on hand constantly in case his services may be required, if any dog should become sick, while the arrangements as a whole, are being looked after by Supt. A. T. R. Jackson.

The collies are probably the best class of dogs in the show, in quality as well as in number. They attracted a great deal of attention among those

## Declaration Made Of What Is Wanted From Political Parties

TAX COMMISSION, PROMOTION, IMMIGRATION

Business men of the city called together by Vice President Morgan of the Chamber of Commerce took formal action today in favor of the following projects on which the political parties and the Legislature are to act:

Tax Commission to review the tax laws and report to the Legislature two years hence.

Ample appropriations for the Board of Health.

Territorial assistance for Promotion work.

Continued support of the immigration policy.

When the meeting of the business men of Honolulu to consider matters needing legislation was opened by J. E. Morgan in the Young Building this afternoon about thirty merchants of the city were present. All the larger firms were represented.

Among those present were Major Booth, Clarence Cooke, E. O. White, J. P. Morgan, J. P. Cooke, W. M. Giffard, F. J. Lowrey, W. A. Bowen, Willard Brown, F. L. Waldron, A. Garvie, Geo. Angus, Ed. Paris, Clive Davies, E. D. Tenney, E. F. Bishop, F. M. Swanzy, H. P. Wood, Geo. W. Smith, Arthur Wall, L. E. Pinkham, Fred Macfarlane and Geo. E. Rieck.

In stating the purpose of the meeting Mr. Morgan said:

"This meeting has been called to suggest the names of men to go before

the convention and to suggest measures to be passed by the next Legislature. The question of taxation should come up as well as that of the support of the Promotion Committee by the Legislature.

Mr. Joseph P. Cooke said: "I move that we pass a resolution urging the next Legislature to provide for a tax commission, which shall report to the succeeding Legislature, two years hence. I believe that this should be done as an expression of opinion which either party may place as a plank in their platform."

E. Faxon Bishop spoke on the same matter, saying that he believed that this method should be adopted to prevent a tinkering with the tax laws.

J. R. Galt gave it as his opinion that the Republican party be urged and induced to make the formation of this commission a plank in their platform. Geo. W. Smith thought that the motion should be in the nature of a "demand" that the measure be a plank for both parties. The motion, as amended, was carried unanimously.

President Pinkham when called upon, spoke from the following memorandum:

The Board of Health in its recommendations to the Executive and the Legislature on December 31st, 1901, made the following specific request:

"An Emergency Fund should be es-

## FURNITURE At Your Own Price

The old established furniture house of J. HOPP & CO., the store in the Young Building, which recently bought the stock of furniture which belonged to the Porter Furniture Co., which is retiring from business, have placed on sale at J. HOPP & CO.'S stores the entire stock of Porter's at prices which have never been placed on furniture here before.

J. HOPP & CO. carry on their own account a large stock of furniture and they have no room for Porter's stock, so they will almost give away the latter. Bring your money with you and the price will be less than you expect to pay.

Closing Out The Stock

The Porter Furniture Co. had a stock which included some high grade goods. We will "murder" these. We have a new lot of new furniture due to arrive here and must put Porter's stock out of the way.

PACIFIC MUTUAL FACTS.

The Company sustained only one death loss attributable directly to the awful disaster of April 18th last.

The Company's San Francisco Home Office Building, destroyed by fire, was fully covered by insurance in standard companies.

The land upon which the San Francisco Home Office Building stood has not depreciated in value, but by reason of the destruction of Chinatown, has rather appreciated in value.

San Francisco mortgages held by the Company, amounting to \$298,450, were protected by real estate valued at \$493,000, with improvements, only a part of which were destroyed, worth \$170,000, and upon which improvements the Company held fire insurance to the amount of \$75,000.

The vaults withstood the fire and their entire contents, about two carloads of books and records, are now in our Los Angeles Home Office.

The Company has approved assets of about \$11,000,000; has nearly \$100,000,000 of insurance in force; has an annual income of more than \$4,500,000, and has surplus to policyholders of about \$1,000,000.

Under the California insurance laws the stockholders, whose wealth is estimated about \$40,000,000, are liable for the obligations of the Company.

THE PACIFIC MUTUAL LIFE INSURANCE COMPANY OF CALIFORNIA is the largest and most popular life insurance company west of the Mississippi River, and has done a conservative and progressive business for thirty-nine years, paying claims promptly and satisfactorily, as it will continue to do.

## The More You Think

about our men's working shoes the greater your appreciation of the wonderful value, good-fit features, long-wear quality, high-grade finish and good appearance in every pair. Then you do not wonder at our large trade—there's a reason for it.

No man, whether poor or comfortably fixed, can afford to pay for shoes and have them rip and tear the very first time he gets them wet. He would rather pay more and get quality. Shoes cost more now to build than ever before; hence there must be a sacrifice somewhere. We positively will not cut out quality in our stock and tell a man "This is the same shoe at the same price."
